Congressman Travis Childers' Statement on Heartland Acquisition

January 5, 2009

Washington, DC - Congressman Travis Childers (D-MS) released the following statement regarding ProVia Door's successful purchase of Heartland Building Products in Booneville, Infinite Building Products in Olive Branch, and Outdoor Technologies in Macon:

"I am extremely pleased that these three companies, which provide so many important jobs to the hard working people of North Mississippi, are no longer facing closure. Heartland, Infinite Building Products, and Outdoor Technologies are important contributors to our region's economy, and ProVia's purchase has prevented a great loss to North Mississippi's communities and families.

"Last fall, I reached out to Northeast Mississippi Community College's Workforce Training and Economic Development department to offer my office's support and assistance. I am proud that these companies will continue to play a significant part in North Mississippi's economic development and success."
